Dropping

AGE
18

FROM
St. Louis,
Missouri

Duffy is attending college in Missouri and is thinking of majoring in psychology. This is our model questionnaire as she filled it out:

Did you like posing nude? Did it make you feel hot?
It's fun and thrilling.

What part of your body do you consider your best? Why?
Everybody knows that it's my butt. Ever since I was 15, all I've been hearing about is my big juicy butt.

Do you enjoy exposing yourself in public?

I like my body.

Lost your virginity how old? Describe and rate experience.
It was in a hammock, which is not the best place to do it. We were in my backyard and I was already pretty nervous about my parents hearing us, but I was also worried about falling out!

How often do you masturbate? What method?

I have guys for that.

I hate / like / love giving head. Why?

It's okay.

Are you a spitter or a swallower? Why?

I don't swallow it. I'll let him squirt in my hand. Or we'll fuck.

I hate / like / love receiving cunnilingus. Why?

Yeah, duh!

How do you like to be fucked? How can a lover best make you cum?

They all want to do it to me bent over so they can look at my ass.

I hate / like / love anal sex. Why?

Here it comes! Because of what I've got, every boy has pressured me to do it up there. At first I was really resistant — it's unsanitary, the pain, my reputation of being an up-the-butt girl, etc. — but eventually I gave in. Now it's pretty normal feeling. A lot of lube and it goes up okay and feels really full and satisfying. It sort of feels like normal sex, my pussy gets wet, but with a whole other layer of feeling on top of that. My pussy has squirted from it.

Where do you like a guy to cum? Describe.

I like it on my ass, but not up my ass. That is nasty feeling.

Are you bi-sexual? If yes, describe your best time with a woman.

I'm not.

Have you ever had sex in public? Describe.

Not yet.

Have you ever had more than one lover at once? Describe.

I've never known a guy who wanted to share me. I've never wanted to share any guy with another girl.

Have you ever had sex with a stranger?

No.

What is the sluttiest thing you've ever done?

It would have to be an anal session where I'm all sweaty and trembly and then I rub my clit while he's pumping my ass so deep and then it just all goes and my pussy is squirting in these streams of liquid that soak the sheets through.

What's the absolute best sex you've ever had?

That!!!

What kind of men do you like?

Pugged men. Muscular bodies.

What kind of women?

Pretty girls who are nice to me.

What's the best way for a man to pick you up?

Be sweet to me. Take your time.

AGE

FROM
Summit,
NJ

Naomi is attending college in New York, but has yet to declare her major. This is our model questionnaire as she filled it out:

Did you like posing nude? Did it make you feel hot?

I felt pretty sexy, which is why I was flirting so bad. But nobody did anything about it.

What part of your body do you consider your best? Why?

My tongue. It's really long and can wrap around a cock.

Do you enjoy exposing yourself in public?

I guess.

Lost your virginity at how old? Describe the experience.

Not until I was 18. My parents are incredibly strict and there was absolutely no dating. Then I went to school and I was passing this TV shoot and this actor (whose name I'm not going to tell) hit on me. I ended up sort of being his mistress, his little Asian schoolgirl. He has a wife and family and everything, but he didn't care. Now it's over and I think he's kind of an asshole.

How often do you masturbate? What method?

There are pictures of me doing it at the photo shoot. I lay back and rub my clit with my eyes closed.

I hate / like / love giving head. Why?

Guys love the feel of my tongue. I can make it slither around the shaft and I know how to keep a good suction, which is the secret to good blow jobs.

Are you a spitter or a swallower? Why?

I've swallowed it. Guys always feel like they're rock stars or something when you do that for them.

I hate / like / love receiving cunnilingus. Why?

I like fucking a lot more.

How do you like to be fucked? How can a lover best make you cum?

I like to be spanked. Spank my little ass hard while you fuck me and my eyes will roll back into my head and you will witness a truly awesome female orgasm.

I hate / like / love anal sex. Why?

It would hurt. Spanking is good pain, up-the-ass would be too much. I'm very small.

Where do you like a guy to cum?

Describe.

On my body.

Are you bi-sexual? If yes, describe your best time with a woman.

Not really.

Have you ever had sex in public?

I've had sex against a floor-length window in a luxury hotel. My face and tits were pressed to the glass while he took me from behind.

Have you ever had more than one lover at once? Describe.

No, but I've fantasized about other guys while I'm doing it.

Have you ever had sex with a stranger?

Every guy is a stranger. They're all liars.

What's the sluttiest sex you've done?

Tied the guy up and got all kinky, spanking him and insulting him.

What's the absolute best sex you've ever had?

Same.

What kind of men do you like?

I'm dating someone my own age now and he's really dumb. So I guess I want somebody older and smarter.

What kind of women?

Someone who isn't a bitchy back-stabber.

What's the best way for a man to pick you up?

Get aggressive. I've never had a guy come up to me and say, "I want to fuck you," but I think that would be really cool. It would save time.

Making the
Move

AGE
18

FROM
Helena,

I went to the party with Jeremy, this guy I liked, but it ended up with him and Daniella making out.

It was pretty crowded and everybody was dancing. I was sitting on a couch next to this guy named Jon. I know him from being an R.A., but he's pretty nice for someone older. He said he had brought the lasagna, so we went and tried that.

He invited me to go upstairs. I decided it was time to make the move and said yes. He goes, "Are you sure you feel safe with someone who's probably old enough to be your dad?" I go, "You're not hardly old enough to be my dad," because I'm 18, and I knew he was 28, because I already asked him. He goes, "Well, your very young uncle, then." We both laughed and he took my hand and led me up the stairs. I could feel this jumpy feeling in my stomach because I think I was deliberately setting myself up to lose my virginity on some level.

We ended up in a bedroom upstairs. He goes, "You're really pretty," which was such a sweet and really dull thing to say that it was kind of touching, because I could tell he really liked me. Then there was this pause like when you're waiting to see if anything will develop.

We both moved in for a kiss at the same time.

We bumped in this really awkward way that made us laugh and kind of broke the ice. After that, we started making out hot and heavy. He had his hands all over me and was rubbing them over my boobs. After he locked the door, I helped him get me undressed. He was kissing and sucking on my nipples in a way that was really turning me on. Then he got down between my legs, and the way he was exploring me so carefully and tenderly with his mouth and fingers was cool, because he was treating me like someone really special. I actually had to grab on his head at one point because I thought I was going to lose it, but he goes, "That's okay, cum for me," and went back to licking and I came all over his face like crazy.

He maneuvered us into a 69, and we did that for a while, and at the same time he was spreading me open and fingering

my pussy really deep. Then he goes, "Just a sec" and got up, because he wanted to get a condom out of his pocket. After he put it on, he was pressing his cock against my wet pussy. Not going in, but just pressing the tip and kind of gently humping until finally I couldn't stand it and I go, "You can put it in if you want to."

So it was totally my fault that we went all the way. There was this sharp pulling feeling, and then I just started feeling so full, and he was so heavy on top of me, like he was the boss and there was nothing I could do about it. (Not that I wanted to.) I made some sighing noises to make sure he knew I was liking it. He kept moving around at different angles, and when something would feel really good, I would reach up and kiss him on the neck.

It was like he was really picking up on what I liked best, and pretty soon I was reaching overload!

That's when I started to cum, and I guess he was feeling the same way, because I could feel the condom swelling up all hot and full of cum inside me.

After that we just held each other for a while until someone started pounding on the door, but thank god they went away and we were able to get dressed and sneak back down to the party. But I couldn't wipe the smile off my face and we just kept holding hands, and now we're pretty much a couple.

Brooke is attending college in Ohio, majoring in marketing. This is our model questionnaire as she filled it out:

Did you like posing nude? Did it make you feel hot?

Yeah! I think it went great.

What part of your body do you consider your best? Why?

My eyes.

Do you enjoy exposing yourself in public?

I've shown my tits to get into a fraternity party.

Lost your virginity how old? Describe and rate experience.

Sucked! Didn't know what I was doing. Gave terrible head that lasted ten seconds and had no depth. He put it in and I bled and winced and then told him to stop. That was it.

How often do you masturbate? What method?

Sometimes I can't sleep and I do it in bed, just gently rubbing.

I hate / like / love giving head. Why?

I am a ninja blackbelt at giving head. I commit 100% with total devotion. I suck it like I'm a slave worshipping it.

Are you a spitter or a swallower? Why?

Spitting it out means like. Swallowing means love.

I hate / like / love receiving cunnilingus. Why?

Oh, yeah.

How do you like to be fucked? How can a lover best make you cum?

I like to have my legs over his shoulders while he plows me deep and hard. We can lock eyes and make dirty talk.

I hate / like / love anal sex.

Never did it.

Where do you like a guy to cum? Describe.

I guess I have to spell it out: It is totally okay to cum in my mouth. I know all you guys love it and I love it too. Especially because I know you can't resist and will risk losing your girlfriend because she won't gulp your stuff all down and I will.

Are you bi-sexual? If yes, describe your best time with a woman.

I've only ever done it for a guy, kissing a girlfriend to let him see and get excited. It's fun, and it totally works! :-)

Have you ever had sex in public? Describe.

Just kissing and stuff at a party. (Fucking in a bedroom at a party isn't public, is it?)

Have you ever had more than one lover at once? Describe.

Yeah, once. The guys act more macho when they're together, like competing.

Have you ever had sex with a stranger?

Not a complete stranger.

What is the sluttiest thing you've ever done?

Sex with my younger sister's boyfriend. That boy needed it so bad and I finally just put him out of his misery. You should have seen his face when I first let him put it inside me!

What's the absolute best sex you've ever had?

I seriously think giving head can be more fun than fucking. It's like I'm a total sex superstar. I can leave you devastated until you're gasping. "Holy shit!"

What kind of men do you like?

Lots of kinds.

What's the best way for a man to pick you up?

Be appreciative. Don't take me for granted.

Open
Secret

I was supposed to be visiting Hilary.

It was Spring Break, and we drove up to her house. But then she was always hanging with Drake, this guy she might be marrying. (He's something like 35 and she's only the same age as me—18—but whatever.)

Anyway, Drake and her and me and some other people went to the beach. Then Hilary and Drake snuck off and it was so clear why (they were constantly "doing it"). That left me talking with her cousin Tyler, because he's the only other one I knew. So we were just chilling at the beach and talking. I was noticing how much older he is than I remembered. I was also noticing how big his arms look because his shirt was sleeveless. Then I felt shy, and he kind of smiled like he could tell I was liking him. (We'd kind of been flirting since I got there.)

I guess one thing led to another. I talked a lot about school and he seemed to listen to every word. He was smiling, and me too. Then he took my hand and we decided to leave the others and walked around to this area where nobody was. We were sitting on the towel, and then after we started kissing, it was more like we were laying down.

He was kissing me and feeling up inside my bikini.

He asked if he could go down on me, and I said I didn't mind. He was really good at it actually. He stood up over me and pulled his swimsuit down under his balls because he wanted me to go down on him. I sucked on it and slid my hand up and down the lower part of the shaft. (Hello — it was not my first time giving a blow job and I had learned a few things.)

He was grasping me kind of hard by the hair, like he was making me suck on it. He wanted me to lick his balls. That was kind of yucky from them being so hairy, but when I looked up, he was staring down at me in total bliss.

He dropped his trunks down on the ground and stepped out of them with his cock sticking out. Then he started taking off all my clothes. He pulled me back down on the towel. I was on my hands and knees, and he was grabbing on me from behind. He said, "Do you know what I'm going to do now?" Of course I pretty much did.

He goes, "I'm going to bust your little cherry with my hard cock."

He was rubbing it between my legs from behind. I kind of struggled a little bit. Not that I really wanted to get away, but I could tell he liked it, like more of a game. Plus it made it kind of more exciting for me, like doing something you know you're not supposed to, but it's not your fault. Actually, that's kind of hard to explain. I guess you had to be there.

**He reached down
and started guiding
it up into my pussy.**

It felt so big that I was kind of in shock. At first it was semi-hurting, but he began stroking my breasts, and the inner part of my thighs. He touched my rubbin and then kept fingering it till I just about exploded. That was a new experience for me, and I think I cried a bit. But he kissed me on the back of my neck and said, "Don't be afraid, you're going to love this."

He started fucking me really slow and going deeper. I could feel my pussy hugging on him tight, and I was clenching down because I could feel another orgasm coming on. He started pumping in me really hard. My pussy was kind of aching, and then I started to go into the deep inner place again. Suddenly it all broke loose and I started cumming so hard! Then, inside, I could feel him cumming in me too, shooting it all hot and drippy. He came inside me so much that I could feel his sperm dripping down my thighs all warm and goopy.

Anyway, then we heard the other guys hollering our names, so we had to pull ourselves together and go back to the other cove of the beach because everybody was ready to go. I felt really on top of it and figured nobody was any the wiser, but later in the kitchen, Hilary goes, "So was Tyler a good fuck?" Then she told me everybody knew we did it!

Playing it
Cool

The photographer I worked with has a thing for blond girls with big tits.

I'm totally cool with it, because it's just part of who I am. I actually heard about him from my friend Aspen. She's about a year older than me (19) and introduced us at this fusion restaurant on Santa Monica. Once he laid eyes on me, he said he wanted to shoot me. Aspen just gave me this look like, "Told you!" and we all went back to his place.

He lived in a building like a giant garage that was his studio. Aspen said she was going upstairs to watch TV, but I knew she was just leaving us alone. He asked if I was ready for him to take pictures, and I said yes. Then he asked

me if I was cool with everything (meaning nudity). I said, "Sure, why not" and waited while he adjusted the lights.

He had me put lotion on myself so my skin would read better on film. Where I couldn't reach on my back, he did it for me. His hands were warm, and he rubbed it slow like he didn't want to let go. He took a bunch of pictures and had me strip down. I was kind of shy with him showing my boobs because of how big they are, but the most shy thing was showing my vaginas. In the end, though, I just gulped hard and did it.

He stroked my breasts, and then his hand came sliding down my tummy.

I wasn't really freaked out or anything because I knew Aspen was upstairs just in case. He slid his hand over my vagina and cupped it. Then he knelt down and started to eat me out. First he was just lapping at my pussy, and then he tugged it open so he could lick my clit and stick his tongue up inside and everything.

He was still kneeling between my legs when he pulled me forward and started rubbing the tip of his penis up and down between the lips. He said he wanted to make love to me. First I was just looking off to one side, because I didn't like to have to say anything. But Aspen had already told me he was pretty good at sex, so I decided to let him. It's just sex (but don't try to tell my mother that).

His penis felt really warm and thick, like it was unclamping my pussy. First he was talking about how tight my pussy was, which was kind of embarrassing. I was glad when he stopped that and started saying how beautiful I was. Then he reached his hands to grip onto both my tits as he fucked me. That part was kind of weird and intense, but the feelings going on in my pussy made me so into it. I even put a hand down and started playing with myself while he did me, and soon the sensations of my pussy and tits combined until I got so tingly. It made me feel so good!

He kept talking about how tight my pussy was. I don't know why guys have to say stuff like that, it was a little embarrassing. But he was also getting me pretty hot, and after a while I didn't care what he said. I just wanted him to keep fucking me because all of sudden I could tell I was going to cum.

The feeling started growing and growing and growing inside me.

I came like this: first a little cum, then a big cum, then nothing for a while. He was just pecking me with his dick so hard and deep until my tits were wagging over my chest. Then he gripped my tits and squeezed them together. He buried his face between them and licked me all over as he fucked me. Then his dick got even bigger inside me and suddenly I could feel him start cumming in me, and my own huge cum took me over and I felt like I was squirting off all over the place.

After he took his cock out, he told me I was the best one ever. He said if I would be exclusive with him, he would rent me my own apartment and car and stuff. I said if he wanted to give me stuff that's cool, but as far as a relationship, I'd rather take it easy. So I'm strictly just enjoying this for the sex, and if it goes somewhere, that's cool, but I'm not getting all hung up on it.

Losing My
Cherries

I could probably get all hung up on the fact that I'm seeing someone older.

But in my opinion, it's not your fault who your heart picks out. Sometimes it just happens, and there you are.

Like with Daniel. Our age difference is 12 years, because I'm 18 and he just turned 30. I got to know him after he moved in, because our back yards overlap without a fence in between. Probably I was curious about him, because he lived there all by himself and mostly people live here with their families. So we got to talking, and I found out he broke up with his fiancée. He goes, "So watch out, I'm in the market for a new girlfriend." We both laughed, but you could tell there was something maybe going on between us under the surface.

I guess I would find excuses to go over there, like borrowing his flashlight or showing him a picture in a magazine to get his opinion on whether my hair would look better that way. A bunch of times he stood really close where you could feel this energy coming off of him, and a couple of times he pulled the bottom of his shirt over his zipper like he was hiding a chubby. He had also put his hand on my shoulder or brushed my hair out of my eyes, but it was like he was making his mind up what to do and nothing happened.

He was holding my body really tight and pressing up into me.

He pulled up my top and was feeling my boobs with his hands and grinding into me with his crotch. He slid a hand down my side and then up under my skirt. I was kind of squeezing my thighs together, but his hand was touching the front of my panties and was squeezing a finger between my legs and rubbing. When he slipped it underneath the crotch and started rubbing my naked pussy, I could feel myself going so wet. That's when he stuck his finger inside, and at that point I knew I would let him do anything he wanted.

He finger-fucked me for a while, then we were laying on the rug. He undressed me, and after he pulled my panties off, he pushed his pants and underwear down and kicked them off. Then he was laying on top of me, kind of hanging over me resting on his elbows. I could feel his cock rubbing me. Then he slid down lower and started eating my pussy. First I was trying to squeeze my legs together because I felt suddenly shy, but then I was letting him spread my legs open, because I wanted him to lick me everywhere.

When he slid back up, he was smiling down into my face, and I was smiling back. Then I felt him entering me, and I was really squirming at first while I got used to that. But he went very slow and gentle. He was just penetrating me a little ways, and then when I'd get used to that, he'd go deeper.

It was feeling pretty awesome, like I was going to explode.

But just before that happened, he stopped moving and slowly pulled out. He said he wanted to make "ultimate love" to me and rolled me over on my belly. He squirted some cold stuff on my butthole and stuck his finger in, and that's when I knew he wanted anal. When I said his finger felt too big, he pulled me on my hands and knees and told me to play with myself. I guess that kind of took my mind off it, because then I let him stick another finger up my butt to finger-fuck me. Finally he goes, "So are you going to let me butt-fuck you?" It was hard to talk in that moment, but I finally managed to say, "I guess so."

It kind of took a while for him to get his actual cock inside my butt. I told him I was sorry, but he said it was worth it. Each time he pushed against me, I could feel it going deeper. The whole time he was fucking my butt I was playing with myself, and then suddenly I could feel myself tensing up because I was cumming really hard. Apparently he was too because he said, "I'm cumming in your butt!" and I could feel him squirting up inside me. After that we kind of collapsed down on the floor.

We laid there for a while with his cock still inside me until I felt it going hard again. I let him start doing it to me again, but then I was too sore and he had to stop. So I guess you could say I lost both my cherries on the same day.

Haters,

TIGHT is pretty fucking thrilled to be bringing you another set of Gia, who first appeared in our August 2005 issue. Gia had some very interesting insights to share in her first interview, so we decided it would be fun to get an update.

So, Gia, what's new with you?

Not a whole lot. I enrolled in college, just general studies, but I'll probably major in something useless like Sanskrit because that's how my brain works.

Last time you were in the mag, you were very into anal sex. Was that just a phase, or...?

You're kidding, right? I don't think that's the kind of thing you go back on. I still love it.

What's your wildest sexual adventure to date?

I don't know if this is that wild, but I love to do two guys, one in front and one in back. That gets me really hot, because it's like a competition with me as the prize. I guess I'm kind of narcissistic or something.

How does that work out for the guys? Any unwanted friction there?

That's funny — no, the more "friction" the better.

[Laughs] Well, I did have a couple of guys kind of get into a fight because the one in my pussy wanted to fuck me in the butt. At first I thought he just wanted a turn after the other guy was done, but it turned out he wanted to double-penetrates me in my butt at the same time!

And...?

I would have to say, that's the only time I feel like I went over the line! Having two cocks in my butt at the same time was definitely too much of a good thing. I made them do my butt one at a time.

So double-anal is definitely out forever?

Well, for now at least. Maybe when I need a new thrill. I guess you've got to save something for when you're older. [Laughs]

What's the most difficult thing about college life?

Discipline. It's really easy to get caught up in the sex aspect. There are so many guys around, in the dorms,

at parties, and some of the teachers are really hot too. It's really easy to spend way too much time fucking and not concentrate enough on studying. You've got to keep a balance.

How do you stay on top of that?

"On top," that's funny. Usually during the week I'll mainly just masturbate. Or sometimes I'll do some oral, if I'm studying with a girl and we both get so tense we need a break.

We're glad to hear you're still into girls!

I'm not obsessed with girls, but I still like them. But I find that if I'm with a girl, I like it better if there's a guy in the picture. I have a friend named Beth and when we really want to let off some steam — like after finals — we find a hot party and do some group sex. Just us and a bunch of guys. That's really hot, but more like dessert. It's only for special occasions.

Do people — guys or girls at your school, for example — judge you for having such a liberal sexual attitude?

No. Well, not anybody that I care about what they think. I'm too busy concentrating on school and having fun to worry about haters!

Sasha is attending medical school and has every intention of becoming a doctor; thank you very much. This is our model questionnaire as she filled it out:

Did you like posing nude? Did it make you feel hot?

At first I was pretty shy, but once we got started it made me feel hot to be the center of attention.

What part of your body do you consider your best? Why?

There are too many things I don't like. I guess I like my smile.

Do you enjoy exposing yourself in public?

I never did it before.

Lost virginity how old? Describe and rate experience.

I was a late bloomer and kind of a nerd. My friend actually had to set me up with a guy so I could finally get rid of my virginity. It

was awkward, but it was the first time I'd seen a guy naked and I still think about it and get excited.

How often do you masturbate? What method?

I fantasize a lot, just the craziest ideas. Sometimes I write them down and by the time I'm finished I'm practically melting!

I hate / like / love giving head. Why?

I don't hate it at all. I think it's a cool way of making a guy feel good. Blow jobs are a great way of showing off how sexy you are. It's like a performance.

Are you a spitter or a swallower? Why?

I was really scared to swallow it, and then just a little while ago a guy shot in mouth by accident (he says). The taste really wasn't any big deal at all. And after, he just lay on my futon going "Fuck!" for, like, ten minutes.

I hate / like / love receiving cunnilingus. Why?

Yes!!!! Because I get so warm and flowy and my brain turns to mush and I babble baby talk.

How do you like to be fucked? How can a lover best make you cum?

The best is doggie style. I love getting pumped hard from behind.

I hate / like / love anal sex. Why?

It's happened. It felt nasty and violating, but afterwards I couldn't help feeling sort of proud that I'd had the courage to do it. I boasted to my friends and they couldn't believe it.

Where do you like a guy to cum? Describe.

On my tummy or my butt.

Are you bi-sexual? If yes, describe your best time with a woman.

Not yet, but I'm keeping myself open.

Have you ever had sex in public? Describe.

This photo shoot was sex in public, as far as I'm concerned.

Have you ever had more than one lover at once? Describe.

Fucking me at the same time? No. Dating two guys at once? Yes.

Have you ever had sex with a stranger?

Messed around (kissing and fondling, let him lick my pussy) but no real sex.

What is the sluttiest thing you've ever done?

I never knew what slutty felt like until a dick went up my ass.

What's the absolute best sex you've ever had?

Still to come!

What kind of men do you like?

Just regular guys.

What kind of women?

I don't know what that means. For sex? I don't know.

What's the best way for a man to pick you up?

Make me laugh till the beer is running out of my nose.
